

LATE NEWS FROM ABROAD.

Coxey Says He Will be Elected to Congress.

JAPAN AND COREA HAVE TROUBLE.

Precautions to Prevent the Entry of the Plague to the United States—Miss Sperry to Wed a Prince—Trouble Between Nicaragua and Costa Rica.

MASSILLON, O., June 19.—Jacob Sechler Coxey has received a "private tip" that the Democrats of the Eighteenth Congressional District will endorse his nomination for Congress. Coxey's campaign will open one month before the election. He proposes going through the district making speeches. He said today: "I am to be elected to Congress. There is no longer any doubt of that. It will be a people's contest. I expect to get in my buggy and drive from place to place. We will organize another Commonwealth, and my followers will march with me, increasing in number as we proceed. Don't you think that that will make an interesting form of campaign? We will stop wherever we can find a baker's dozen of people, and we will put our views so plainly and so generally that there will be no escaping them."

Arrest of Anarchists.

ROME, July 27.—The police arrested three anarchists today in the precincts of the Chamber of Deputies. They were taken to the police station and searched. Each of them had upon his person an accurately drawn plan of the hall, lobbies and entrances of the chamber, showing almost conclusive evidence that their design was to explode a bomb or commit some other outrage in the building.

Corea's King a Prisoner.

LONDON, June 27.—A dispatch from Shanghai says the Japanese army now occupies the capital of Corea and the King is virtually a prisoner.

The coroner's agent of the Times at Shanghai telegraphs that Japan's attitude in connection with Corea threatens a crisis in Eastern Asia, which may prove dangerous to both China and Japan, and ruinous to general commerce. The Viceroy of China considers the action of Japan inconsistent with international law and existing treaties, but will endeavor to preserve peace without dishonor to China.

Hewston Acquitted

LONDON, June 26.—In the Old Bailey today the Grand Jury threw out the bill for manslaughter found against General John Hewston of California by a Coroner's jury, June 5th, on the charge of having caused the death of George Burton, a street musician, May 30th, by poking the point of an umbrella into his eye.

Corbett Will Not Talk.

LONDON, June 21.—In response to a message sent to James J. Corbett at Sheffield, asking what he intended to do about the offer of the Auditorium Club of New Orleans, Corbett telegraphed that he will have nothing to say until his return to America.

To Shut Out the Plague.

WASHINGTON, June 21.—Representative Caminetti called on Surgeon-General Wyman of the Quarantine Service today to request that some special instructions be issued to inspectors in relation to the Chinese plague that is now raging in Hongkong, Canton and other Chinese cities. He exhibited copies of the Examiner containing accounts of the character of this dread disease. The department has taken the matter under advisement and will issue some special order to inspectors to keep the plague from getting into this country.

Ships for the Reserve.

WASHINGTON, June 21.—Senator Perkins today called up and secured the passage of his bill authorizing the Secretary of the Navy to furnish any State, upon the written application of the Governor thereof, a vessel of the navy, to be selected from such vessels as are not suitable or required for general service, to be used by the regularly organized naval militia of any State for drill and instruction. When the vessel so loaned is no longer required for such use, or when it is needed by the Government, it is to be immediately returned. A sufficient number of men, not exceeding six for any one vessel, shall be detailed from the enlisted force of the navy as shipkeepers with each vessel so loaned.

Betrothed to Poniatowski.

PARIS, June 21.—Prince Andre Poniatowski, who became so well known in the United States during the last four or five years, during which time he has been a constant visitor there, attending to business in which he became engaged in the New World, now officially, through the Herald, announces his engagement to Miss Beth Sperry, of Stockton, sister of Mrs. William H. Crocker, of San Francisco.

Miss Sperry and Mrs. Crocker have been staying for some time past in Paris, and will very soon be joined by Mr. Crocker. Miss Sperry's marriage will probably take place in the autumn in Paris.

The Pope's Encyclical.

ROME, June 20.—The encyclical of the Pope has been approved by a committee of the College of Cardinals and will shortly be promulgated. Woman Sentenced.

NEW YORK, June 20.—Erastus Wiman was today sentenced to five years and six months in the penitentiary. General Tracy moved for a new trial on the ground that the verdict was contrary to law and the evidence, and that the Judge misdirected the jury.

To Succeed Gladstone.

EDINBURGH, June 21.—The Liberals of Midlothian have selected Sir Thomas David Gibson-Carstairs, Bart., as candidate for the seat in Parliament which Gladstone, who has held it since April, 1880, has only consented to retain until the next election.

Sixty and Eighteen.

GREENLAWN (L. I.), June 20.—The wedding of Mrs. Marietta Cheshire, aged sixty years, to William Castle, aged eighteen, a farm hand, has created a stir.

Mrs. Cheshire is the widow of the late Jeremiah Cheshire, one of the most prosperous farmers in that section of Long Island. She has managed the farm since his death. They were married in New York city and when they returned they were given a charivari.

Lorena Reported Shot.

BUENOS AYRES (via Galveston), June 20.—Senor Lorena, President of the Rebel Provisional Government in Santa Catharina, Brazil, has been shot, it is reported, by order of General Gumerendo Saravia, who took him prisoner recently. The other rebel leaders have joined forces at Cruz Alta in Rio Grande do Sul, with a view of having a decisive battle with the government forces.

Urges an Alliance.

PARIS, June 21.—The Matin prints an interview with Dr. Arenit, the famous biometrist and member of the Prussian Diet, in which he urges a Franco-German Alliance in Africa as the only way to keep England in her place. England's possessions on the Nile valley, he declares, is much gloomier for France than the fact that Germany has retaken her former possessions. England's imprudence in showing her hand in the Belgian agreement in regard to the Congo, he believes, has given an opportunity for the Franco-German alliance which he suggests.

More Trouble Ahead.

PARIS (via Galveston), June 21.—The relations between Nicaragua and Costa Rica are becoming strained. President Iglesias of the latter republic is harboring political enemies of President Zelaya of the former and refusing their extradition. Nicaragua is massing troops upon the frontier and Costa Rica is arming men.

Miscellaneous.

The Cholera has again broken out in Cle-Chanorviev, Russian Poland, and has caused twenty-five deaths.

VACATION NOW.

Fort Street School Holds its Closing Exercises Yesterday.

Fort Street School held its closing exercises yesterday, a large audience being present. All the rooms were beautifully decorated, the pupils taking especial delight in trying to distance each other in making their room the best of all. The exercises, which were principally those that showed the work accomplished by the scholars, were greatly enjoyed. When the exercises were over, the pupils of Miss Brown's room gave a series of short dialogues which were greatly enjoyed.

The pupils showed evidences of great progress during the year just passed. One work of especial beauty, which was greatly admired by all, was a splendid relief map made in sand.

The San Francisco Examiner says that a rumor is current among the shipping men that a line of steamers is about to be put on between that port and the South Sea islands. PATENT

CANE CRUSHER

THE HONOLULU IRON WORKS COMPANY HAVING secured the EXCLUSIVE AGENCY for the Hawaiian Islands for the Krajewski Patent Sugar Cane Crusher, are now prepared to receive orders for the same, to be delivered in time for the next crop.

This machine, which has been invented but a few years, has been adopted by a great number of cane sugar manufacturers, especially in Cuba, where it was first put to trial and where it became extremely popular. Nearly one-third of the whole sugar crop made in Cuba is being made with the assistance of these crushers. These crushers have also proved a success in other West Indian Islands, and Louisiana, as can be seen by testimonials on hand.

These crushers when attached to any cane mill will increase its capacity by from 50 to 100 per cent.; will improve extraction; will regulate feed of the mill. We have three of these machines on the way. For further particulars enquire at the
